

## Rossignol Community School Technology User Contract

Student contract between \_\_\_\_\_ and Rossignol Community School.

I understand that, in order to use the computer equipment, computer services and internet at Rossignol Community School I must respect the following:

1. **Internet-** I will only use the internet under direct supervision of a staff member. I will only access school appropriate materials. If I mistakenly access inappropriate material I will shut off the monitor and report the incident to a staff member.
2. **Printers-** I will conserve the use of school printers. I must have permission from a staff member in order to print.
3. **Games-** I will play games only for curricular reasons.
4. **Equipment-** I will treat all hardware and software with respect. I will follow proper procedures for logging on and off computers and follow computer lab procedures for chairs and headphones. I will report issues with my computer to teacher before moving to another computer. I will not bring food and drink into computer labs.
5. **Passwords-** I will keep my passwords private. I am responsible for the conduct under my password so I will inform administration if I believe my password has been compromised. If I attempt to log on to the system using another user's password I will lose my network privileges.

**I understand that I must act according to this code and the Ile a la Crosse School Division Technology Policy and I understand that there will be sanctions or penalties if I do not. I am expected to follow the rules for computer use.**
